¿Qué es PowerPoint?

- Software para diseñar presentaciones electrónicas, que permite insertar textos, video, imágenes y música.

Plantillas

- Archivo con extensión .potx, presenta un diseño personalizado, con colores, fuentes, temas, efectos y estilos de fondo.

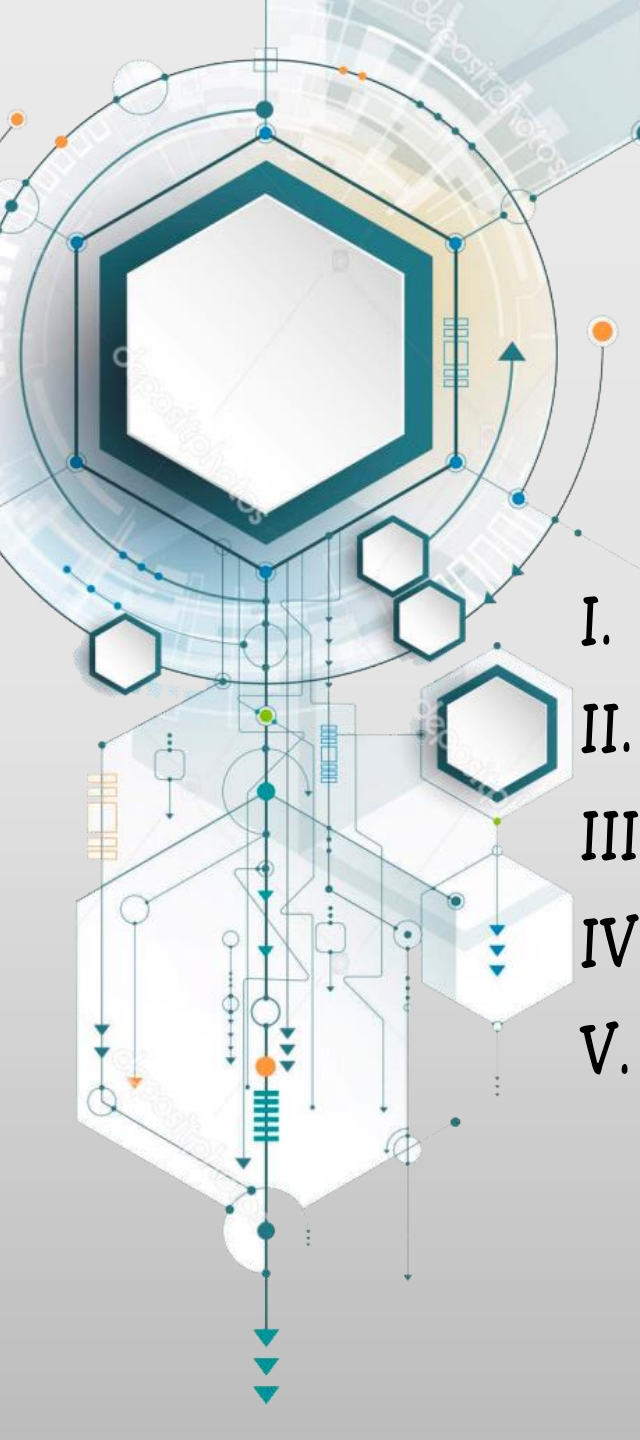

Como crear una presentación electrónica

An abstract graphic on the left side of the slide. It features a large central hexagon with a thick dark blue border. Surrounding it are several smaller hexagons, some with blue borders and others with white borders. A network of thin blue lines with small circular nodes connects these hexagons and extends downwards. There are also some orange and yellow circular nodes. The background is a light gray gradient.

Aspectos a tomar para elaborar una presentación

1. Procura no superar las 15 diapositivas.
2. Evita ambigüedades.
3. Evita colores contrastantes.
4. No abuses de las animaciones y transiciones.
5. Usa una tipología legible.
6. Se breve y claro.

An abstract graphic on the left side of the slide. It features a large central hexagon with a thick blue border. Surrounding it are various geometric shapes like smaller hexagons, circles, and lines, some of which are colored in shades of blue, orange, and yellow. The background has a faint grid pattern. The overall style is modern and technical.

Pasos para el diseño de la presentación electrónica

- I. Concibe el tema que se desarrolla.
- II. Elige una plantilla de diseño, acorde a tu tema.
- III. Agrega una portada en la primera diapositiva.
- IV. Divide la información en apartados y subapartados.
- V. Sintetiza la infomación.

An abstract graphic on the left side of the slide. It features a large central hexagon with a thick blue border. Surrounding it are various geometric shapes, including smaller hexagons and circles, connected by a network of thin blue lines and dots, resembling a circuit board or a data network. The background is a light gray gradient.

Pasos para el diseño de la presentación electrónica

VI. Ilustra con imágenes, esquemas o formas predeterminadas.

VII. Puedes insertar video y música.

VIII. Incluir las referencias.

Surrounding this are various geometric shapes, including smaller hexagons, circles, and lines, some of which are colored in shades of blue, orange, and yellow. The background has a subtle grid pattern. The overall style is modern and technical.

Estructura básica de la presentación electrónica

- ❖ Portada
- ❖ Introducción
- ❖ Desarrollo
- ❖ Conclusiones
- ❖ Referencias.

Conclusiones

Mis conclusiones

- ¿Qué aprendí durante el semestre?
- ¿Qué me faltó aprender durante el semestre?
- ¿Qué me gustaría aprender?
- ¿En que estuve fallando durante el semestre?
- ¿En que debo de mejorar?

Referencias bibliográficas

An abstract graphic on the left side of the slide. It features a large central hexagon with a thick dark blue border. Surrounding this are several smaller hexagons of varying sizes, some with blue borders and others with white borders. A network of thin blue lines with small circular nodes connects these hexagons, resembling a circuit or a data flow diagram. Some nodes are highlighted with orange or yellow dots. The background of the graphic is a light gray with faint, larger hexagonal patterns.

Libros

Emprende las TIC, Inocente Levit Placencia Ríos, editorial Edelvives, 2da, edición 2018, páginas 44 a la 46.

An abstract graphic on the left side of the slide. It features a large central hexagon with a thick dark blue border. Surrounding this are several smaller hexagons of varying sizes, some with blue outlines and others with white outlines. A network of thin blue lines with small circular nodes connects these hexagons and extends downwards. At the bottom, there are several blue arrows pointing downwards. The background of the graphic is a light gray with faint, stylized circuit patterns.
